GRAMMAR SCHOOLS

ALL BUT ONE OF THE TEACHERS HAVE BEEN EMPLOYED

Prof. Richardson D. White, Principal of the Grammar Schools, has given the Evening News the following additional information regarding the teaching force: Mrs. Taylor, principal of the Columbus Avenue School, has been granted a further leave of absence, to February next, and Miss Loraine Mitchell, one of the teachers, assumes her duties. Miss Mitchell's place will be filled this week.

Miss Helen White, who was supervisor of agriculture and nature study, asked for a year's leave of absence and Roland C. Ross, of Pasadena, but recently from New Jersey, takes her place.

Mention was made of the resignation of Prof. Whytock and the promotion of Mr. Blanford to his position. Edwin T. Price takes Mr. Blanford's work as Intermediate teacher and book-keeper for the school board.

Miss Ada I. Sallstrom has been elected and assigned to the 4th grade in the Colorado Street School, Miss Ethel Wilson to the 3d grade in the Pacific Avenue School and Miss Muriel Wilson to the 4th grade at Pacific Avenue.

Prof. White says that with one exception all of the lady teachers are residents of Glendale. Some of the men teachers are not, but will be if they can get places to live.

NEW RESIDENTS

Mrs. Lillian Smits and two sons, Howard and Everett, recently of Primghar, Iowa, are among the newcomers to Glendale, Mrs. Smits being attracted by the splendid school facilities here for her sons. They are located in the California Apartments for the present. Mrs. Smits is a musician of considerable standing and no doubt will be an appreciated acquisition to musical circles here.

ROMANS' GUEST DECIDES TO LOCATE IN SOUTHLAND

Mrs. M. J. Berry, of Chicago, recently came out to visit Mr. and Mrs. John Roman, of Los Angeles, formerly of Glendale, and she was so pleased with Southern California she concluded she would locate here so she is preparing to open a millinery store on Sunset boulevard, Los Angeles. And the Romans, by the way, are preparing to build them a fine home on Central avenue, so will again become residents of Glendale.

GREETS GEN. PERSHING

Among the thousands of telegrams that greeted Gen. John J. Pershing upon his arrival in New York was one from Mrs. Mattison B. Jones, of Glendale, past president of the Los Angeles District, California Federation of Women's Clubs. It was couched in the following words: "In leading America's noblest young manhood on foreign battlefields you helped to achieve the greatest victory known in the history of the world; a victory which I hope means world peace! The women of America proudly welcome home their victorious General."

UMBRELLA SHOWER

MISS IRENE McLAREN OF GLENDALE SHOWERED BY PROSPECTIVE L. A. RELATIVE

Miss Margery Cox of 907 West 50th St., Los Angeles, gave a luncheon and shower last Saturday afternoon in honor of Miss Irene McLaren of Glendale who is to be united in marriage Sept. 16th with E. R. Flack of Eagle Rock, a cousin of Miss Cox. The color scheme was pink and white. These colors were beautifully blended in the large umbrella suspended over the center of the table to hold the various presents and in the place cards which were small hand-painted umbrellas. The afternoon was spent in music, games and refreshments. Among the gifts showered upon the bride were many pieces of linen, cut glass and silverware. Those present beside the prospective groom and bride were Mr. and Mrs. H. Flack of Eagle Rock, his parents; Mrs. Malcolm McLaren of Glendale, her mother; Misses Beulah Pratt, Fern Hofmayer, Gertrude Carner and Marie Goldberg, Mrs. James McLaren and little daughter, Mrs. Cox, Mrs. Hubbard and Miss C. House and Albert Cox, of Los Angeles; Mrs. E. R. Hartzell of Eagle Rock and Robt. McLaren of Glendale.

ELKS GO VISITING

GLENDALE TEAM INITIATE CANDIDATES INTO SAN PEDRO LODGE

After a brief session of Glendale Lodge of Elks Monday evening about ten automobiles filled with the officers, drill team and members started for San Pedro where they were scheduled to meet with the Elks of the harbor city and initiate candidates into that lodge. They met with a hearty welcome and spent a very enjoyable evening. Captain Wattles and his drill team made a splendid appearance and put on the work of initiation in their usual style. Among the officers of Glendale Lodge who were present were Cameron Thom, Exalted Ruler; Albert D. Pearce, Bert P. Woodard, Alfred Priest, W. M. Kimball, Arthur Dibbern, W. E. Heald, John Fanset, C. E. McPeak and Norman Otis. After the business of the evening was concluded the visitors were entertained with jinx and a good feed.

REV. COLE IN IMPORTANT COMMITTEE MEETING

Rev. C. A. Cole attended a Christian Endeavor committee meeting in Los Angeles Sunday afternoon, as Superintendent of C. E. work in Southern California for the Christian churches. He is also chairman of the Bible School Educational committee and in his dual capacity helped to outline a plan whereby 100 Christian Endeavorers of Glendale and other Southern California cities will enter the new Christian college on North Vermont Ave., L. A., next September. It is announced that ground will be broken for the new college on the 5-acre site recently secured adjoining the Southern California State University this fall and the group of buildings completed by August next.

GOUDIES ENTERTAIN AT DINNER

Mr. and Mrs. Robert C. Goudie of 458 West Maple entertained a number of relatives and friends at dinner Sunday. Those who gathered around the festive board, in addition to host and hostess, were: Mr. and Mrs. Jack Goudie of Los Angeles, Mr. and Mrs. John Pickett and Frank Budway of Hollywood, Mr. and Mrs. Robert C. Goudie, Jr., and Norbert Clancy of Eagle Rock, John Crawford Goss of Balboa and Misses Clara Marie and Grace Goudie.

THE LUSBYS ON AUTO OUTING

Mr. and Mrs. C. D. Lusby, of 404 North Jackson, and Dr. C. R. Lusby, wife and baby of 125 North Louise, started last Friday on an auto trip up the coast. They will travel slowly and stop at a hotel each night. They expect to visit San Francisco, the giant redwoods north of that city, and other places of interest and will be gone about two weeks.

COVETS BEACH CITY

SANTA MONICA AGAIN FIGHTING ANNEXATION TO LOS ANGELES

Glendale members of the Anti-annexation Association will be interested in knowing that another attempt is being made by Los Angeles to annex Santa Monica which is being strongly resisted by those of the citizens who wish to preserve their municipality's identity. They point to the fact that in the previous attempt of this kind, though 2200 signed the petition to call for an election to vote for and against annexation, the vote in favor of the proposition was many hundreds less than this number. Judge Taft is leading the opposition this time, as he did before.

LUNCHEON FOR SAILOR COUSIN

Miss Ruth Palmer, of 1008 East Colorado, gave an evening dinner, Saturday, in honor of her cousin, Rowland Walters, of the U. S. S. Idaho which is now stationed at San Francisco. He had been granted a four days' furlough, and decided to spend it in Glendale. The color scheme in the decorations was pink and white and it was carried out with roses, principally. The place cards were in the form of a key. Inside of each was a note with a "fortune" written on it. Each one present had to tell a story, then the keys were opened and the fortunes read. Covers were laid for Mr. and Mrs. O. S. Palmer, Miss Ruth Palmer, Miss Faith Tarling, Miss Hazel Walters, Rowland Walters, Frank Moody and Dale Wood.

POPE RECOGNIZES DEMOCRACIES

VATICAN LETTER OUTLINES PROGRAM FOR FURTHERING SOCIAL PEACE AND EDUCATION OF PROLETARIAT

(Special Service to Glendale Evening News)

PARIS, Sept. 9.—A papal letter addressed by the Vatican to Cardinal Lucon was published today revealing that the Vatican has joined hands politically with the world's democracies and is casting its lot with the world-wide liberal movement.

The letter shows that hereafter the Vatican will accept democracy as the only source of political power and will work to uphold democratic governments.

The letter laid down a program for the establishment of social peace including the coalition of all classes against Bolshevism; the acceptance of democracy and the education of the proletariat of all countries.

At the outbreak of the war the Vatican did not maintain diplomatic relations with any European democracy, but the fall of the Hapsburgs left the Vatican with Spain as the only Catholic monarchy. The Pope then faced the choice of retiring from diplomacy or recognizing democracies.

The letter shows he has frankly chosen to recognize democracies and the effect is expected to be far reaching. It may lead to the resumption of relations between the Vatican and France and Italy.

THREE KILLED IN STRIKE RIOT

HAMMOND, INDIANA, POLICE OPEN FIRE ON FOREIGN STRIKING EMPLOYES OF STEEL WORKS

(Special Service to Glendale Evening News)

HAMMOND, Ind., Sept. 9.—Three men were killed, two are dying and twenty-five were wounded as a result of a riot by striking employes of the Standard Steel corporation today. A strike has been in progress for six weeks. The riot started at 6:30 this morning when 400 foreigners with a uniformed soldier carrying an American flag marched through the streets in an alleged attempt to prevent 150 American employes from returning to work. The police ordered the parade to disband. The demonstrators opened fire on the police who returned it killing three men. At nine o'clock the police had the situation under control and no further trouble is anticipated.

WILSON SAYS OPPONENTS ARE IGNORANT

TELLS MINNESOTA LEGISLATURE RATIFICATION OF PEACE TREATY WILL BRING DOWN COST OF LIVING

(Special Service to Glendale Evening News)

ST. PAUL, Sept. 9.—President Wilson addressing a special session of the Minnesota State Legislature today declared that ratification of the peace treaty is essential to "settling down of world conditions and reducing the high cost of living."

He declared that high prices constitute a world condition due to the depletion of man power during the war, and the demoralization of industry. He declared that this will not be remedied until ratification of the peace treaty brings actual peace.

The President admitted tthat there are other methods that will help to reduce the cost of living including seizure of hoarded foodstuffs.

The President said labor is dissatisfied throughout the world and maintained that the labor clause in the treaty will mean the settlement of this unrest.

He declared that when the labor problem is solved prosperity will increase "by leaps and bounds" and living costs will decrease.

The audience for the most part silent applauded when the President declared that the opponents of the League of Nations are suffering from "just downright ignorance."

After the address he went to the St. Paul hotel preliminary to speaking again at a luncheon this afternoon.

CANADIAN LEADER OPPOSES RATIFICATION

McKENZIE SAYS CANADA MAY BE FORCED TO FIGHT ENGLAND IF SHE ACCEPTS TREATY AND LEAGUE COVENANT

(Special Service to Glendale Evening News)

OTTAWA, Canada, Sept. 9.—D. McKenzie, opposition leader in the Canadian Parliament, declared that if Canada ratifies the peace treaty and the League of Nations it may result in Canada being forced some time to fight England.

He opposes ratification.

TELEPHONE WORKERS GET BACK PAY

COMPANY DISTRIBUTING LARGE SUM ACCORDING TO TERMS OF SETTLEMENT OF STRIKE

(Special Service to Glendale Evening News)

LOS ANGELES, Sept. 9.—The Southern California Telephone Company is distributing this week approximately $100,000 to its employes in retroactive pay under the terms of settlement of the recent strike.

PACIFIC FLEET GOES NORTH

SAN FRANCISCO, Sept. 9.—The last ship of the Pacific Fleet left San Francisco today for Seattle.

THE SUGAR SITUATION

PLENTY OF SWEETNESS IF THERE IS NO HOARDING DONE

W. H. Crane, formerly in the grocery business in Glendale for several years in partnership with Mr. McGee, but now traveling salesman for a wholesale grocery house in Los Angeles, was in the city Monday and talked understandingly of the sugar situation. He has necessarily given the matter close attention and has not hesitated to advise the dealers who buy of him of the danger of allowing their customers to buy sugar in quantities. He says a careful survey of the situation has been made by the wholesalers and the sugar manufacturers and the concensus of opinion is that there is nothing alarming about it. For the first time in the history of sugar making great quantities of sugar have had to be sent from the west coast to the southern states and that has left an apparent shortage out here. He advises dealers to sell no sugar to their customers by the sack as that is the surest way to cause a shortage. If even a small minority of householders become alarmed at the apparent shortage and selfishly buy and lay away many 100-pound sacks, the aggregate will be enough to so curtail the retail supply that many will have to go without or else on exceedingly small rations. With the positive assurance that the supply is sufficient for all if carefully distributed, surely no one who loves his fellowman will be selfish enough to heap up supplies in his own home to the detriment of his neighbors who could not, if they would, from a lack of funds, do likewise. Mr. Crane said that while he was in one Glendale store Monday two sacks of sugar were sold to customers. When he told the proprietor the unwisdom of allowing this, as it would deprive poorer customers of what they needed, he called off both sales.

One reason for the shortage of sugar production in California this year was the senseless and unauthorized strike of railway employes recently, whereby many thousands of tons of sugar beets were left to rot on sidetracks.

California has been particularly favored above the majority of other states this year in the matter of sugar prices. While in the East this commodity has sold at from 11c to 16c a pound, here in California no one has paid over 11c and the average price has been 10c a pound, with here and there a dealer selling as low as 96 cents for ten pounds and occasionally even lower. It is urged upon all grocery stores that they begin right now a campaign of education on the sugar situation and the counseling of all their customers to buy only as their needs require, as any panicky hoarding will surely result in many people being deprived of their actual needs.

FAMILY REUNION

GREEN FAMILY MEET AND GREET RETURNED SOLDIER FROM SERVICE IN FRANCE

Max Green and wife of 140 South Jackson street attended a family reunion and dinner of the Green family in La Canada, Sunday, given in honor of Sergt. Edwin E. Cooper, just returned from overseas. His parents, Howard Cooper and wife, and his wife, drove up in a machine to San Francisco to meet him and all came back the same way arriving Saturday night. The dinner was given at the home of D. J. Green and wife and all of the children were present except Miss Katherine, who is still in Washington, D. C., working for the government. Sergeant Cooper was warmly welcomed by all and he related many of his experiences overseas. Those present were D. J. Green and wife, Miss Lulu Green; Max Green, wife and two little daughters, Barbara and Patricia, of Glendale; E. E. Green and wife and children, Eleanor, Louise, Dean and Dan, of Rockport, Mo.; Dan Green and wife and son Dan of Los Angeles: Harry Connor and wife and little Billy, of Long Beach; Mrs. Mary Swift of Pasadena.

DEATH OF TUJUNGA LADY

Mrs. Margaret, wife of A. H. Hubbard, died at the family home in Tujunga Sunday, September 7th. The funeral services will be held tomorrow at 3 p. m. in the Pulliam Undertaking Co. parlors, Rev. Robert Wyman officiating. The remains will be shipped to the old home, Mitchell, S. D., for burial.

WEATHER FORECAST—Fair except cloudy or foggy along the coast tonight and in the early morning.

HOME FROM OUTING

MAYOR MUHLEMAN AND FAMILY RETURN FROM RANCH ON EDGE OF DESERT

Mayor Frank L. Muhleman and family of 111 West Maple, have just returned from a two weeks' outing on the ranch near Banning, where Mr. Muhleman looked after the picking of his peaches and arranged for the building of a large storeroom in which his brother, R. G., will conduct a general store, oil station and the postoffice, which is called Cabazon. The mayor was charmed with the appearance of his ranch, which he had not seen for some time. The big ranch house, surrounded by beautiful trees and alfalfa fields, kept green by plenty of mountain water, gave a home-like appearance that was most delightful. There are no fogs and the dry heat is not oppressive. He says his brother has completely regained his health, which was very much shattered by continued indoor work.

MORE OUTSIDE SOLICITORS

Every section of the United States and especially Southern California and points close to Los Angeles is overdone with solicitors who are seeking to have the people part with their money. Just today there came into town a man who represents a business directory company, and he is seeking to have the business men support him in having printed a business directory of the City of Glendale.

Merchants have become wise as to the lack of returns gotten from that kind of supposed publicity, and usually the man who supports such a scheme is the one who is easily influenced by the smooth words of the solicitor. With telephone directories and official city directories that have been gotten up with great care and expense there is no urgent call for a hurriedly printed, so-called business directory. The aim is not to get out a work for the convenience of the people, but to provide a work that will bring revenue to the solicitor.

MAXWELL AGENCY MOVES

The Geo. W. Campbell Co., Maxwell agent, which was domiciled with Whaley's Service Garage & Ignition Works at 217 East Broadway, has moved its office headquarters to the MacMullin building, 217 N. Brand and the storage rooms are at 207 N. Brand.

THE QUESTION OF WOMEN'S WORK

Mrs. E. L. Young, of 325 Milford street, has called the attention of the Evening News to the way some other cities have tried to solve the problem of woman's work in the homes. She says so many housewives need two or three hours' work a day done and others maybe a day's work during the week. The plan practiced in other places and recommended here is to have women who need to do housework list their names at some central location where housewives can list their needs and the days or hours in which they would prefer to have the work done.

The city employment agency at the City Hall will gladly list all such wants and Mrs. Young says the Parent-Teacher Associations will be pleased to co-operate in the work here, as they have done elsewhere, in case their aid is needed. She asks that housewives needing work done phone her and she will do what she can to assist them.

BACKFROMHONEYMOON

IRVING HANGER AND BRIDE OCCUPY BEAUTIFUL NEW HOME ON IVY

Irving Hanger and bride, who was Miss Jean Vandenberg of Los Angeles, returned Sunday from their wedding trip which was spent in San Francisco, San Diego and Long Beach and are now settled in their beautiful new home at 337 Ivy St., which the groom's parents purchased about two months ago of Paul M. Zabel as a wedding present. Mr. Hanger is an assistant secretary in Y. M. C. A. work in Los Angeles, but prefers to live in Glendale. His wife, before her marriage, was a church worker among the poor of the city and will still devote some of her time to this work, which she greatly loves. Miss Fay Heise, her half sister, came out with the young couple and helped them to get settled, returning to her home in Los Angeles Monday afternoon.

GLENDALE, CALIFORNIA, TUESDAY, SEPTEMBER 9, 1919

A MOMENTOUS CONFERENCE

Next to the peace treaty itself, the most important document before the American people is the transcript of the conference between the President and the Senate committee on foreign relations. The revelations contained in this report are of profound and far-reaching consequence, which will shake the confidence of Americans in other nations and probably induce the average citizen to look with suspicion upon the arrangement made at Paris for the leaguing of the nations.

President Wilson's acknowledgement that certain leading allied powers deceived him is an astounding revelation. His countrymen will stand solidly behind him in resenting the action of certain allies in concealing from him numerous secret bargains at the very moment when they were solemnly agreeing to his proposal to make peace openly, honorably and justly. These allies had already made their arrangements when they agreed to his plan. Their signatures to the armistice agreement and their acceptance of the fourteen points were therefore deliberately intended to mislead the President and the people of the United States.

This is the most important fact that has been disclosed since the armistice was signed. It affects the action of the United States hereafter, not merely on this treaty and this proposed league of nations, but in its relations with certain European nations.

This revelation does not make for international confidence, concord or peace. It will lend color to the sinister intimation of a senator at yesterday's conference, that other secret treaties are in existence, made during or after the Paris conference. The American people are also very apt to ask what the signatures of certain allies on the league of nations are worth, if the principles of the league were violated in their making.

In his welcoming address the President laid stress upon the opinion that the league's council's recommendations or conclusion "is only advice in any case. Each government is free to reject it if it pleases." That is quite understandable, standing by itself, but it becomes utterly unintelligible when the reader goes further and finds the President saying, in reply to a question by Senator Knox, that if an occasion should arise in which it was perfectly obvious that external aggression against some power could only be repelled by force of arms, the United States "would be under an absolutely compelling moral obligation" to participate.

Much was said about moral and legal obligations, but no doubt all present would agree that they were wasted words, because any treaty obligation of the United States is a moral obligation, and as President Wilson properly said, is of greater binding force than a mere legal obligation. Hence, when the President tells senators that the United States would be under an absolutely compelling moral obligation to go to war if war should be the only means of protecting any nation against external aggresion, he destroys entirely the other statement that the league council's "advice" may be waved aside by any nation as having no binding force.

Article X, then, the heart of the league of nations, absolutely and compellingly binds the United States to go to war to protect the territorial integrity and existing political independence of every nation in the league.

In view of the revelations concerning the double dealing of the allies in their relations with the United States, it may be questioned whether a majority of Americans will now be willing to lend the resources of this nation to defend all the nations of the world.

In his address to the committee the President emphasized the importance, in his opinion, of prompt ratification of the treaty for the sake of putting industry and finance on an even keel again. This is a highly important matter, which should not be delayed for a single day unless something still more important warns the American people that they should be careful in what they do. Does this revelation of the allies' bad faith—to speak plainly—serve as such a warning? If so, the economic needs of the country will perforce be held subordinate to the necessity of keeping the United States independent and capable of controlling its own action in dealing with nations that have no compunctions in deceiving this government whenever it is to their interest to do so.—The Washington Post.

UNDER FIFTY FEET OF SOIL

The Delano Record tells of the finding of a prehistoric skull near there the other day, at a depth of fifty feet, while a well was being dug. If some one who has time will figure out for us how many millions of years it would take for fifty feet of good soil like they have at Delano to settle over the landscape, we will be glad to tell in what year the owner of that skull laid down for his immortal sleep. Perhaps his soul has been back on earth two or three times since, in other animal forms, but if he didn't know he was the same chap as was buried up there, he couldn't throw much light on the subject even if he happened to be on earth at present. Or maybe the skull was only that of some early native son of California who was so ornery that his friends thought they would have to bury him extra deep when he died, to keep him from getting up and coming back home after the funeral. At any rate, fifty feet of soil seems to have held him a while, anyway.

MODERN NEWSPAPER DELIVERY SYSTEM

The Riverside papers have been delivering their editions to nearby towns by aeroplane, as have also some of the metropolitan papers of Southern California. And the Santa Barbara Press says an aeroplane field is to be established there, while the Pasadena Star-News has a similar story for that enterprising city. Just shut your eyes and think how back-number these efforts will appear five years from now! Ain't it awful Mable the clip the old planet is hitting up here lately, though?

Personals

Mrs. W. M. Gale of 122 North Cedar is now entertaining a friend from Honolulu, Miss Margaret Clarke.

Mrs. Martha W. Morris, of 108 N. Everett recently returned from a visit in Long Beach, much improved in health and strength.

Mr. and Mrs. Samuel Mason, of 204½ East Chestunt, arrived at home Friday night from Yonkers, N. Y., where they had been spending four months with relatives.

C. A. Pollock and wife of Los Angeles spent Sunday with W. E. Borthick and wife, 206 West Elk avenue. They are hoping to be able to locate in Glendale.

Henry W. Butts, who recently sold the B & B Grocery at 1502 South San Fernando Road, has moved to Long Beach and expects to go to Texas this winter.

Mattison B. Jones, wife and daughter Winifred have returned from Hermosa, where they spent two months in their cottage and are again at home in Glendale at 304 N. Orange.

Father O'Neill reports that information has come to him that two boys, one wearing a gray coat, were seen running from his residence Sunday agout the time it was burglarized.

Mr. and Mrs. Adolph Englehart are home again after a two months' auto trip to Yosemite Valley and other points of interest in California. They are occupying the home of Mr. and Mrs. E. M. Bales, on North Jackson, during the latter's trip East.

D. H. Smith and wife and Miss Margaret Fenton, Mrs. Lillian Smits and two sons, who recently moved here from Primghar, Iowa, Mr. and Mrs. John Hobbs, Mr. and Mrs. Noble Ripley and Lieut. H. M. Mayne spent Sunday at Santa Monica.

N. B. Drake, a retired wholesale shoe dealer, who recently came to California from Newton, New Jersey, decided to locate in Glendale after visiting Hollywood, Pasadena, Long Beach and other places. He has bought Mrs. Martha Elbe's place at 352 West Broadway.

Mrs. A. H. Fuelscher and daughters, Anna and Alice, of 509 East Harvard, returned home Sunday from a two weeks' stay in Long Beach with Mrs. Fuelscher's mother, who was stricken with paralysis and thought at first to be dying. She gradually revived, however, and is again able to be up.

Mrs. Mabel F. Rhodes of Houston, Pennsylvania, arrived last Friday night. She is visiting her brother, J. M. Fife, and family, of 314 North Orange street. Mrs. Rhodes expects to spend two months in "seeing California." When she returns East she will be accompanied by her mother, Mrs. Margaret A. Fife, who has been spending the past year with her son.

Owen Dibbern, who came home on furlough last Thursday from San Francisco, where he had been in a hospital for several months, will remain two weeks, then go back for his discharge. He is spending most of the time with his parents at 514 S. Glendale avenue, as mother cannot see too much of her boy after more than 18 months' absence.

Capt. Dru Nicoles, chief lineman for the Telephone Company, was quite surprised one day last week to receive from the War Department a captain's commission in the Coast Artillery Reserves, with orders to sign and return same. As he had not solicited the appointment and had permanently retired from military service, he thinks he will turn down the offer.

Mrs. Agnes Harrison of Windsor Road has some very lovely roses and she enjoys giving them where they will bring pleasure as much as she does cultivating and caring for them. She asks the Evening News to say that if any of the readers know of invalids or shut-ins who have no friends to bring them flowers to call Glendale 1128 and she will see that they get some.

A. L. Lawshe of Monrovia was over Monday night to attend the meeting of the official board of Central Christian Church and tender his resignation as treasurer. Dr. Daugherty was elected to succeed him. Mr. Lawshe is pleased with the ranch he bought near Monrovia, but is very sorry to leave Glendale and he and his wife will retain their church affiliations here indefinitely.

STUDEBAKER PARADE

With tooting of horns and led by the green service car, a procession of Studebakers just unloaded from a car at the Salt Lake station swept west along Broadway, then south on Brand, Monday, to the Packer & White Auto Co.'s headquarters. Cars are so hard to get now that the arrival of a consignment to any agency is a cause of general rejoicing.

CORPS MEETING

Officers and members of the N. P. Banks corps are requested to be at the G. A. R. Hall at 2 p. m. Tuesday for practice work for the inspection.

By order of
LILLIAN PECKHAM,
President.

POOR SOLDIERS, GLORIOUS FIGHTERS

Dr. Wickett, of Anaheim, who recently returned from war service over seas, emphatically confirmed, according to Mrs. L. E. Berkey, who was visiting in Glendale, Sunday, and who has talked with him since he came back, what a number of returned Glendale soldiers have said, that the American boys were mighty poor soldiers but glorious fighters." The good soldier takes care of his own life when possible, was the meaning of the Doctor and does not throw it away in his eagerness to get at the foe. He said that he and other physicians treated many wounds in the back for our boys, wounds made by their own barrage, which they had outrun in their zeal to come to close quarters. The tactics these lads knew best consisted mainly in connecting with the foe at the earliest possible moment, regardless of personal danger, then striking hard and often, till victory was won.

PEACH CANNING

The majority of housewives prefer free stone peaches for canning, though the clings are used almost exclusively in spicing and pickling. But many women claim the cling is far superior to the free stones for plain canning and have become quite skillful in cutting out the seeds. The free stones have nearly all been picked by this time, the orange and strawberry clings are at their best and the lemon clings will be ripe in a few days. While the canneries have put up far more than the usual supply this year, the price is bound to be very high, since the raw fruit cost several times more than formerly and materials and labor are very much more expensive. So every housewife should can all the peaches she can get, be they clings or free stones.

THE HARWOODS HOME

Prof. E. E. Harwood, principal of Cerritos School, arrived at home Monday from Santa Barbara, where he took a two months' course in the Manual Arts School. His family will arrive today and they will again occupy their home at 208 East Cypress avenue.

WHO WILL SELL THE LOT?

Berkeley, Calif.,
Sept. 9, 1919.

Chamber of Commerce,
Glendale, Calif.

Dear Sirs:—Can you tell me of a real estate firm that would be interested in selling my lot on Glendale Ave.? I would like to give it to some firm that is interested in property on that side of Glendale Ave., near the garage. Is the firm of Tupper-Robinson still in existence? I bought the lot from them.

Yours truly,
BELLE W. CHIPRON,
2525 Durant Ave.

WINE GRAPES A PROFITABLE CROP

There are still a number of good-sized wine-grape vineyards adjoining Glendale so the statement that a method has been discovered whereby grape wine can be made exceedingly palatable and yet contain less than ½ of 1 per cent of alcohol, will be of considerable interest. The immense vineyards around Cucamonga are now in the midst of picking and the wineries are engaged in the manufacture under the new process. As the price this year is around $50 a ton, as against $14 a few years ago, the vineyardists are jubilant as they realize the falsity of the persistent claims of liquor advocates that prohibition meant ruin to the grape industry.

TRADE MARK

The City of GOODRICH Akron, Ohio

Certified By Goodrich More-Mileage Adjustment

Whenever you buy anything, something measures it out, certifying how much of it you get. It may be by yardstick, or a pair of scales.

The tire user has settled on the mile as his measuring unit of service.

Goodrich, accepting his measurement, certifies them both the quality and quantity of Goodrich Tires with the Goodrich More-Mileage Adjustment—6,000 miles for Fabric Tires—8,000 miles for Silvertown Cords.

Goodrich is making what it has pleased thousands of Goodrich dealers and users to tell us "are the best tires the rubber industry has produced."

Then Goodrich Certification steps in, and measures out to the tire user in his own unit *the least* he with proper usage will get from a Goodrich Tire.

It gives tire users the peak standard, at once a gauge to appraise the value of other tires, and a surety bond for the Goodrich Tires he is buying.

Buy Goodrich Tires from a Dealer

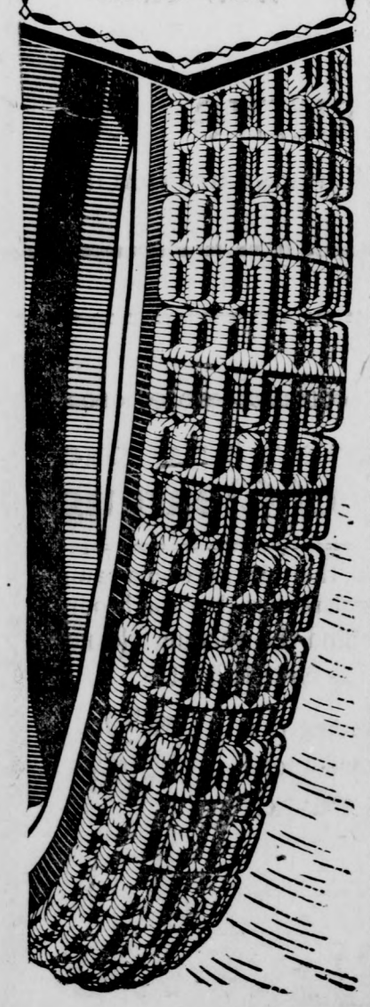
BEST IN THE LONG RUN



WOULD JESUS CHRIST STRIKE?

That is a most important question for consideration in this day of a chaotic world. As with every other question which is attempted to be answered by purely theoretical reasoning, two answers might be given and two answers are given by those on opposite sides of the debate; but, as with every other problem in natural law, there is only one correct answer to the question. And Christ gives the correct answer very clearly and definitely to anyone who will study His gospel by the method which He said must be followed to rightly understand Him, namely: "If any man will do His will, he shall know of the doctrine, whether it be of God, or whether I speak of Myself." That is to say, anyone who obeys natural law, as instructed by the Master, shall, through the fact of his obedience know positively that it is natural law and not a theory propounded by some human being. Or, we may explain the proposition by analogy thus: A man may have diligently studied every scrap of literature on the subject of swimming, yet if he refuses to enter the water and actually learns how to swim by performing the act of swimming he cannot become possessed of anything more than merely a theoretical idea of swimming; and two such inexperienced but verbose men may take sides and hold an endless debate on the subject without arriving at the correct answer! Likewise, this is true of the theoretical ideas which men hold regarding the kingdom of God, inasmuch as they firmly decline to enter the kingdom and learn the true mode of living, i. e., how the correct relationship between God and man and his fellowman is maintained, that relationship which is an absolute guarantee against wars of every description. Unless they do that thing which the Prince of Peace specifies as being essential to a correct understanding of his instructions, none of them know what they are talking about, but are merely theorizing and arriving nowhere.

When Jesus was before the local judgment seat of the Roman Empire he said, in answer to the Judge's most vital question regarding that Empire, "To this end was I born, and for this cause came I into the world, that I should bear witness unto the truth." And at another time and place He assured His followers that, "If ye continue in My word, then are ye My disciples, indeed; and ye shall know the truth, and the truth shall make you free." So, contrary to what theorists would have us believe, the real purpose of Christ's coming into the world was to set humanity free by showing us how to do it—being witness to humankind of the truth—so that God may have a free hand in His work of developing perfect spiritual beings by the method concisely stated in the Sermon on the Mount. Now the world today is in a most chaotic condition, suffering all sorts of warfare (strikes being nothing else than industrial wars) because men lack the truth found in Christ's gospel. And humanity is without that knowledge because leaders of men, teachers both secular and religious, believe that the gospel is an Utopian dream and not possible to be carried out except at some theoretical age designated as the millennium. That is to say, according to these Doctors of the Law, it is not possible to live a wholly natural life in a natural world! These learned men all down through the centuries have led humanity astray by false doctrines because they were without "Faith as a grain of mustard seed,"—a living faith in the efficacy and adequacy of natural law. Furthermore, these learned men do not perceive that all manner of warfare and social friction is part of the punishment which man must suffer as a consequence of following their false doctrines.

Now I shall state the answer to the question, "Would Jesus Christ strike?" by directing the reader's attention to this fact: However diligently we may seek it in the teachings of the Prince of Peace we can find neither instruction, law nor command to the effect that it is right for a man or collection of men to compel a fellow human being to do that which he does not want to do, irrespective of the age, sex, color or condition of that fellow being; but we can readily find many emphatic instructions that any and every such compulsion is a wrongful act. Of course, everybody knows that a strike is nothing else than a form of compulsion to obtain that which is desired by the strikers; therefore, all manner of theorists to the contrary notwithstanding, Jesus the Christ would not strike. And, by the same token, he would not assist in making war between nations.

JOS. GUIDINGER.

FOOD DESTROYERS FACE ARREST

Charging that Japanese growers have deliberately destroyed much fruit and vegetables to keep up the prices, a Los Angeles association to combat high prices is threatening court proceedings against the guilty parties. With an undeniable scarcity in these lines it is a criminal act to destroy any of it. Glendale housewives have not been so seriously affected by the shortage as some others, owing to the number of orchards and gardens surrounding the homes and in the suburbs of the city.

Advertise it, or advertise for it in the Evening News.

WILL OPEN A STUDIO FOR VOICE CULTURE IN GLENDALE

Coming from the East to Sunny California, Mrs. June Stone, widely known throughout the country as Lillian Durham, a prima donna with a phenomenal soprano voice who for a number of years starred with Weber & Fields' famous attractions, has decided to make Glendale her home, as she has retired from the stage. Mrs. Stone has for some time had in mind a Studio for Voice Culture, and after much consideration picked Glendale as an ideal spot to combine both a studio and an excellent place to live.

On September 10th Mrs. Stone will open her studio in Glendale, most convenient for all who live here and desire to have their voices trained by a thorough and competent instructor. The studio will be located at 709 North Louise. Phone Glendale 2202-J. 3t3*

STATE NEWS

SAN LUIS OBISPO, Calif., Sept. 9.—Celebration of Admission Day, welcome to returned service men and opening of the county fair are combined in the big event today. The fair is being conducted by the Woman's Civic Club, and there are large entries in all of the usual lines of county fair competition. The fair closes Saturday night. A special program will be given daily.

ROSEVILLE, Calif., Sept. 9.—Placer county's returned soldiers and sailors are guests of honor at a countywide celebration held here today in honor of their return. The County Council of Defense and County Placement Committee are active in the plan.

MONTEREY, Calif.—A military parade in which cavalrymen from the local Presidio, airplanes from Mather Field and discharged service men of the county will participate is part of today's Admission Day program. A banquet will be served the returned soldiers at Asilomar, and there will be a big program of aquatic sports.

The Monterey county tennis doubles championship will be decided at Del Monte tennis courts this afternoon.

MODESTO, Calif. — Continuous free vaudeville in the streets, a championship baseball game, boxing points and a parade are only a few of the features Modesto has arranged for today's program to welcome home the county's ex-soldiers and sailors. Veterans from all parts of Stanislaus county and visitors from a wide radius are here for the big affair, several thousand being here. A barbecue will be held late today, and there will be a dance tonight. Patriotic organizations are all holding "open house."

SAN FRANCISCO.—The second section of San Francisco's celebration of California's sixty-ninth year of statehood is being held today, with thousands of members of parlors in many Central California cities here to participate. Saturday the observance started when Admiral Rodman, commanding the Pacific Fleet, raised the Stars and Stripes in Portsmouth Square, as did Commander John Montgomery in 1846. After other ceremonies that day by local parlors of the Native Sons and Native Daughters, the day ended with a dance in honor of the fleet. A monster procession, comprising all local parlors of the Native Sons, 75 bands, a score of floats and members and drum corps of parlors in other cities paraded early today. Literary exercises, commemorative of the event, were held at the Civic Auditorium, and a dance will be given tonight.

CHICO, Calif.—A number of California teachers are stranded in Hawaii by the tremendous tourist traffic and many of these will not be able to get a steamer before December, according to letters received from Miss Rose Rasmussen and Miss Myrtle Briggs of the Chico Normal School. Neither expects to be started homeward for two months, so heavy is the booking for passage. The local teachers left in August, expecting to experience no difficulty in returning from Honolulu.

BLYTHE, Calif.—Three months after organization of farmers of the Palo Verde Valley to combat an irritating middleman system in the marketing of their crops, this farmers' alliance has purchased a bank, a cotton yard and is said to be contemplating purchase and operation of a cotton gin. Every movement for advancement of this fertile 100,000 acre valley finds a committee appointed by the farmers' organization to insure its success. The latest move of the organization is to back an advertising campaign to draw 5,000 laborers to Palo Verde Valley this fall to harvest this year's record cotton crop. The crop is expected to average a bale to the acre, and pickers will be paid two cents a pound. Experienced pickers gathered from 250 to 500 pounds a day last season, and children under 15 picked 150 pounds daily. It is estimated that 10 per cent of the farmers here made their first payments on their land with money earned picking local cotton. Palo Verde Valley is located on the Colorado River, the extreme east side of Riverside county, 250 miles from Los Angeles.

Let us do your washing-free!

Let us bring a BlueBird Electric Clothes Washer to your home and have it to do your next washing—free.

See for yourself how *clean* BlueBird will wash your clothes. See how easy it is to always have plenty of clean linen. See how you can do away with the drudgery of washday, which saps your strength and health and happine . Even the wringing is done by motor.

Clothes last five times longer when washed the BlueBird way, for there is nothing to wear and tear them while washing.

Costs but a few cents weekly to operate.

You can keep the BlueBird for a small initial payment, and there's not the slightest obligation expressed by the free demonstration. We'll gladly make an appointment at your convenience.

Phone us today. Have this beautiful cabinet washer in your own home wash your own clothes.
